Local Texas First Bank has announced plans to open a new, full-service banking center in Beaumont in January 2022.

The location at 6363 Phelan Blvd., just east of Dowlen Road, will be the 27th banking center in the family-owned and operated Texas First Bank network. The Beaumont team includes Banking Center Manager Michelle Bowen (transferring from managing the Winnie location), Regional Loan President John Morrell, Lender Chris Kovatch and Lender James Wright.

“In this time of merging financial institutions and banks changing names what feels like daily, Texas First Bank is a strong and stable place for customers to make their financial dreams come true,” said Morrel. “Our bank has a 50-year history of serving and investing in the local communities along the Texas Gulf Coast. In fact, you may already be familiar with some of our other locations in Port Arthur, Winnie, and Fannett. We can’t wait for this banking center on Phelan Boulevard to open in January so we can better serve Beaumont families and businesses from a location that’s convenient for them.”

Texas First Bank is looking for motivated individuals to fill Client Services Professionals roles. Visit [www.texasfirst.bank/careers](http://www.texasfirst.bank/careers) to learn more and apply.

**SINCE BEFORE THE FOUNDING** of our republic, local news has kept our communities informed and engaged, and held the powerful to account. Yet, despite its importance, local journalism is disappearing, and its demise strains the fabric of our society.

**The Examiner** with each and every issue informs, engages and holds the powerful to account, please help us in that mission, it is expensive yet essential to maintain a free society.
