

# LAMAR NATIONAL BANK NORTH LAKE BRANCH

Narrative/ Description of Project

2022 Best of Community Banking  
Entry- Architectural Design

In August 2021, Lamar National Bank opened its 2,340 sq. ft. Northlake Branch. Lamar's arrival into Northlake established us as the first bank in this aggressively growing area that is part of the large master planned community executed by Hillwood, the Perot family development company. The highly visible full-service branch anchors the retail setting.

The interior boasts an impressive open space that has an industrial contemporary feel with stained concrete floors, wood, and exposed metal features, however the appealing elements of the soft lighting and natural color palette make it an inviting and welcoming space.

A REFRESHMENT BAR IS IN THE LOBBY FOR CUSTOMER CONVENIENCE. GLASS & WOOD DOORS SLIDE OPEN TO REVEAL OFFICES AND CONFERENCE ROOM.

NATURAL LIGHT POURS INTO THE FRONT OFFICES AND THE NEUTRAL COLOR PALETTE CONTINUE WITH BRIGHT POPS OF COLOR FROM ARTWORK MARRYING THE TWO MAKING FOR A RELAXING ESTHETICALLY APPEALING ENVIRONMENT.
